The incredible KIN Amp is now ready to take on the Custom installation world. New features include auto-on, auto input sensing, and a mini jack bypass input that converts it from an integrated amp to a power amp. KIN Amp can now be easily connected and controlled by popular 3rd party streaming devices.

Equipped with Qualcomm® finest sounding Bluetooth™ circuitry, the aptX™ HD chip, makes for EASY pairing and great sounding wireless streams; pairing any modern equipped source takes just a few seconds. Both digital and analog inputs allow for a multitude of sources to be used with the KIN AMP, ranging from turntables to gaming consoles.

KIN SUB 8

Magnetic Grill and Self
Adhesive Feet Included!

The KIN SUB 8 is yet another audio solution, in the award winning, versatile KIN family. True to Totem and KIN heritage, it is conveniently compact but provides performance that belies its size. KIN SUB 8 adds substantial bass and excitement to every listening session. Kin Sub has an 8” Carbon Fiber woofer. Bass is powerful, fast, and musical.

Power: 300W Built-in amp.

Wireless Transmitter:
Use the LINK to make the KIN SUB 10 wireless!

Link

The Totem **LINK Wireless Transmitter** can be added to any powered speaker or amplifier equipped with a subwoofer output to pair with the KIN SUB 10 or Tribe Solution Sub. It's equipped with stereo RCA inputs, providing the option of a stereo connection or using only the left as an LFE input. **One LINK** can control two Totem wireless subwoofers. Set up is simple, just connect the **LINK** to the amp or powered speaker, push the pairing button, and push the pairing button on the sub. That's all you need to do to enjoy powerful bas delivered wirelessly, by the **NEW TOTEM LINK**.
